THE above are *First Class, justly popular, and prompt paying* companies. They invite investigation into their condition and solicit business entirely upon their real merits. In point of solvency and reliability and honorable dealing, they have but *few equals, and no superiors.* They are founded upon the very best securities in the world—first class bonds and mortgages upon property in New York and Brooklyn—securities that have not, for the past ten years, depreciated below par, and are every way more reliable and permanent than railroad, bank, and other stocks, which are subject to the fluctuations of the market, and liable, *in times of panic,* as the experience of the past teaches, to become almost, if not entirely, valueless. And while there are Companies entering the field of competition, well calculated to mislead by publishing *partial and one-sided* statements of their condition, and without a cash surplus on hand sufficient to reinsure their outstanding risks, the above named companies always have and keep over and above their capital *twice* the amount, and in most instances *four times,* needed for the reinsurance of all their risks. With such a foundation, and with such a condition, they claim the right to look with confidence to the public for liberal patronage.
Policies issued without delay, and farms risks for a series of years taken at less rates than can be done by *Mutual Companies,* and a *certainty* given instead of an *uncertainty.* All losses promptly adjusted and paid.

New York Life Insurance Company,
CASH CAPITAL OVER $1,000,000

all well invested for the benefit of Policy holders, so that the profits of this vast sum pay a large proportion of their annual premiums. This is unquestionably the very best Life Company doing business in this state.

Insurance against loss or damage by fire, on Dwellings, Furniture, Stores, Warehouses, Merchandise, Mills, Manufactories, and most other kinds of property, can be effected in this company upon as favorable terms as the nature of the risks and security of policy-holders will admit.
The above is the oldest company doing business in this state, and with peculiar propriety has been denominated "*The Old* Hartford." As an *indemnity* to the insured, it refers to a solid million of assets well invested; and if anything were needed to commend it to the public for liberal patronage, we might offer its history of success in business and honorable dealing with its patrons, for over half a century, as amply sufficient for the purpose.

DAILY GAZETTE.

English Neutrality and Friendship.

Thurlow Weed writes to his paper from Southampton, England, on the 11th of January, the following among other things:
"Mr. Adams received a dispatch late last evening from Earl Russell, stating that as the United States ship Tuscarora had entered Southampton with the evident intention of engaging the confederate steamer Nashville, an order from the admiralty office would be sent immediately to the naval officer in charge at Southampton, to detain the United States vessel in port twenty-four hours after the departure of the confederate steamer. I came down from London this morning to confer with Captain Britain, our consul, and Capt. Craven, of the Tuscarora.
This new phase to matters will necessarily change Capt. Craven's switch. Instead of waiting for the Nashville, Capt. C. will leave first, governing his course outside, by the best observations and calculations he is enabled to make. It seems that something adverse turns up against us at almost every turning. *Neutrality* questions arise constantly and are pretty sure to tell something against us. It is blowing a gale to-day, and neither vessel will probably get to sea. The Nashville, in dock, shows no sign; and the Tuscarora looms up outside about a mile off.
The government has, I believe, refused to allow the Nashville to do any more than would have been extended to a merchant ship. No arms, munitions, or war fixings, have been permitted. Capt. Britain, the consul, gave me a copy of an authenticated account which shows everything provided, with its cost, making in all an aggregate of £666 6s 8½d. I greatly fear that Capt. C., entangled in this neutrality net, may lose the opportunity, which he so much wants, of punishing this pirate.
It is rumored that the Sumter is coming here. The officers of the Tuscarora hope she will, and say that they can manage both. I am satisfied that if Capt. Craven gets alongside the Nashville or the Sumter, or both, he will leave little for the government to do. Our consul at this port is an efficient and fearless officer, qualities much needed just now, when and where a community that has profited largely and long from American commerce is now bitterly hostile.

Thurlow Weed's Letters from Europe.

Editorial Cor. of the Albany Evening Journal.
PARIS, Jan. 16, 1862.

We came over here last evening, and I am gratified to find that the giving up of the Trent emissaries has effected here, what is very apparent in England, a favorable change in public sentiment. And in the correspondence on the subject, all agree that our government has a decided advantage.
For the opportunity of doing the right in a proper spirit, we are largely indebted to the friendship of the Queen, who urged mildness and conciliation upon the ministers who went to Windsor to obtain Her Majesty's approval to their dispatch.
But our enemies are at work endeavoring and hoping to create fresh difficulties. Upon the meeting of Parliament a strenuous effort will be made to violate the blockade. England, it is said, will be urged to this course by France.
The cause, in part, for this is the want of cotton. But will they get it? We shall see. It would be far better for these governments to turn their attention elsewhere for cotton. With enterprise and promptitude they could get it from Central America, thus emancipating themselves from dependence upon slave labor for this article.
The reported sale of the Nashville is not unlikely to be true. The American consul at Southampton told me on Saturday that negotiations were on foot. The intention is to put her crew on board another steamer, and thus dodge the Tuscarora. Capt. Craven keeps up a vigilant watch. He has not left his ship for a moment. T. W.

AMERICAN TIMBER FOR THE BRITISH NAVY.—The National Intelligencer makes the statement that Donald McKay, the famous shipbuilder, is under contract with the British government to supply a large quantity of white oak and hard pine ship timber, and that he is now gathering the best timber in our country and shipping it to England. As our supply now, and of late years, comes mainly from Virginia for oak, and Georgia for pine, it is now quite short, and from that quantity Mr. McKay is selecting and sending off so much as to render it difficult to increase rapidly our mercantile marine. Owing to the rebellion, he is now gathering oak timber from New Hampshire, this state, and some from the west.
Our most intelligent shipbuilders state that for several years to come our own demand for navy timber will be large, and require all the timber we can cut. If this is the case, congress should see to it that we spare none to our rival on the seas.

THE ARMY HOSPITAL.—The New York World's Washington dispatch says:
The new hospitals for the use of the army have been built and are now ready for use. They are capable of accommodating several thousand patients, and are arranged with all the modern improvements.—The health of the army is on the increase, the statistics for the past two weeks showing that the deaths are fewer, and that disease is on the decrease. There is a slight abatement of small pox in the city, though there are daily proofs of the criminal negligence of the medical department of the army in its dealings with this loathsome disease. Congress, however, has taken hold of this subject in an effective manner, and even at this late day beneficial results may be obtained. Great credit is due to the sanitary commission, who have perfected a bill for this much needed medical reform.

Rumors are afloat that Fort Garfield, Maine, has been invaded by an armed British force, under pretence of searching for deserters. If this be so, will Great Britain make the amende honorable by acting on their own precedent, in the Mason and Slidell case?

THE IRISH FAMINE.—Foreign papers of late date contain scarcely any allusion to the alleged Irish famine.
The severity of the distress experienced in the French manufacturing districts, and especially at Lyons, is testified by the fact that a Paris newspaper, the Siecle, has opened a public subscription for the relief of the operatives and their families.

GREAT REDUCTION
—IN—
The Prices
—OF—
SINGER & CO.'S
STANDARD MACHINES,

[Well known to be the best for
Manufacturing Purposes:

No. 1, Standard Shuttle Machine, formerly sold at $90,
Reduced to $70.
No. 2, Standard Shuttle Machine, formerly sold at $100,
Reduced to $75.

Singer's Letter A Machine,

IS the best Machine in the word for Family Sewing and Light Manufacturing purposes; Price, (with Hemmer,) and beautifully ornamented,

FIFTY DOLLARS.

The Nos. 1 and 2 machines are of great capacity and application for manufacturing purposes.
Our No. 3 machines are especially adapted to all kinds of light and heavy

LEATHER WORK,

In Carriage Trimming, Boot and Shoe Making, Harness Making, etc., etc. They are of extra size, with an arm long enough to take under it and stitch the largest sized dashes. There is scarcely any part of a Trimmers' stitching that cannot be better done with them than by hand; so, too, the saving of time and labor is very great. The table under these machines is 24 inches long, and the shuttle will hold six times the usual quantity of thread. The large machines work as fast as small ones.
We would ask for our Letter A machines, the special attention of Vest Makers and Dress Makers, and all those who want machines for Light Manufacturing purposes. They embody the principles of the standard machines, making like them, the interlock stitch, and are destined to be as celebrated for Family Sewing and light manufacturing purposes as our standard machines are for manufacturing purposes in general.
We have always on hand

Hemming Guages, Silk Twist, Linen and Cotton Thread on Spools, Best Machine Oil in Bottles, etc., etc.

We manufacture our own Needles, and would warn all persons using our machines not to buy any others. We know that there are needles sold *of the most inferior quality,* at higher prices than we charge for the best. The needles sold by us are manufactured especially for our machines. *A bad needle may render the best machine almost useless.*
Our customers may rest assured that all our Branch Offices are furnished with the

GENUINE ARTICLE.

In case of small purchases, the money may be sent in postage stamps or bank notes.
Correspondents will please write their names distinctly. It is all important that we should in each case know the post office, county and state.
All persons requiring information about Sewing Machines, *their size, prices, working capacities, and the* best methods of purchasing, can obtain it by sending to us, or any of our Branch Offices for a copy of

I. M. SINGER & CO.'S GAZETTE,

which is a beautifully illustrated Pictorial Paper. *It will be sent Gratis*

We have made the above Reduction in Prices with the two fold view of benefitting the public and ourselves. The public have been swindled by spurious machines made in imitation of ours. The metal in them, from the iron casting to the smallest piece, is of poor quality. Their makers have not the means to do their work well. They are hid away in secret places, where it would be impossible to have at their command the proper mechanical appliances. It is only by doing a great business, and having extensive manufacturing establishments, that good machines can be made at moderate prices. The best designed machines, Badly Made, are always liable to get out of order, and are sure to cost considerable trouble and money to keep them in repair.
The qualities to be looked for in a machine are: *certainty of correct action at all rates of speed, simplicity of construction, great durability and rapidity of operation, with the least labor.* Machines to combine these essential qualities, must be made of the *best metal and finished to perfection.* We have the ways and means, on a grand scale, to do this.
The purchasers of machines, whose daily bread it may concern, will find that those having the above qualities not only work well at *rapid* as well as *slow* rates of speed, but *last long* in the finest possible working order. Our machines, *as made by us,* will *earn more money with less labor* than any others, whether in imitation of ours or not. In fact, they are cheaper than any other machine as a gift.

THE above are *First Class, justly popular, and prompt paying* companies. They invite investigation into their condition and solicit business entirely upon their real merits. In point of solvency and reliability and honorable dealing, they have but *few equals, and no superiors.* They are founded upon the very best securities in the world—first class bonds and mortgages upon property in New York and Brooklyn—securities that have not, for the past ten years, depreciated below par, and are every way more reliable and permanent than railroad, bank, and other stocks, which are subject to the fluctuations of the market, and liable, *in times of panic*, as the experience of the past teaches, to become almost, if not entirely, valueless. And while there are Companies entering the field of competition, well calculated to mislead by publishing *partial and one-sided* statements of their condition, and without a cash surplus on hand sufficient to reinsure their outstanding risks, the above named companies always have and keep over and above their capital *twice* the amount, and in most instances *four* times, needed for the reinsurance of all their risks. With such a foundation, and with such a condition, they claim the right to look with confidence to the public for liberal patronage.

Policies issued without delay, and farms risks for a series of years taken at less rates than can be done by Mutual Companies, and a *certainty* given instead of an *uncertainty*. All losses promptly adjusted and paid.

all well invested for the benefit of Policy holders, so that the profits of this vast sum pay a large proportion of their annual premiums. This is unquestionably the very best Life Company doing business in this state.

DAILY GAZETTE.

English Neutrality and Friendship.

Thurlow Weed writes to his paper from Southampton, England, on the 11th of January, the following among other things:

"Mr. Adams received a dispatch late last evening from Earl Russell, stating that as the United States ship Tuscarora had entered Southampton with the evident intention of engaging the confederate steamer Nashville, an order from the admiralty office would be sent immediately to the naval officer in charge at Southampton, to detain the United States vessel in port twenty-four hours after the departure of the confederate steamer. I came down from London this morning to confer with Captain Britain, our consul, and Capt. Craven, of the Tuscarora.

This new phase to matters will necessarily change Capt. Craven's switch. Instead of waiting for the Nashville, Capt. C. will leave first, governing his course outside, by the best observations and calculations he is enabled to make. It seems that something adverse turns up against us at almost every turning. *Neutrality* questions arise constantly and are pretty sure to tell something against us. It is blowing a gale to-day, and neither vessel will probably get to sea. The Nashville, in dock, shows no sign; and the Tuscarora looms up outside about a mile off.

The government has, I believe, refused to allow the Nashville to do any more than would have been extended to a merchant ship. No arms, munitions, or war fixings, have been permitted. Capt. Britain, the consul, gave me a copy of an authenticated account which shows everything provided, with its cost, making in all an aggregate of £666 6s 8½d. I greatly fear that Capt. C., entangled in this neutrality net, may lose the opportunity, which he so much wants, of punishing this pirate.

It is rumored that the Sumter is coming here. The officers of the Tuscarora hope she will, and say that they can manage both. I am satisfied that if Capt. Craven gets alongside the Nashville or the Sumter, or both, he will leave little for the government to do. Our consul at this port is an efficient and fearless officer, qualities much needed just now, when and where a community that has profited largely and long from American commerce is now bitterly hostile.

Thurlow Weed's Letters from Europe.

Editorial Cor. of the Albany Evening Journal.

PARIS, Jan. 16, 1862.

We came over here last evening, and I am gratified to find that the giving up of the Trent emissaries has effected here, what is very apparent in England, a favorable change in public sentiment. And in the correspondence on the subject, all agree that our government has a decided advantage.

For the opportunity of doing the right in a proper spirit, we are largely indebted to the friendship of the Queen, who urged mildness and conciliation upon the ministers who went to Windsor to obtain Her Majesty's approval to their dispatch.

But our enemies are at work endeavoring and hoping to create fresh difficulties. Upon the meeting of Parliament a strenuous effort will be made to violate the blockade. England, it is said, will be urged to this course by France.

The cause, in part, for this is the want of cotton. But will they get it? We shall see. It would be far better for these governments to turn their attention elsewhere for cotton. With enterprise and pr[illegible]ptitude they could get it from Central America, thus emancipating themselves from dependence upon slave labor for this article.

The reported sale of the Nashville is not unlikely to be true. The American consul at Southampton told me on Saturday that negotiations were on foot. The intention is to put her crew on board another steamer, and thus dodge the Tuscarora. Capt. Craven keeps up a vigilant watch. He has not left his ship for a moment. T. W.

AMERICAN TIMBER FOR THE BRITISH NAVY.—The National Intelligencer makes the statement that Donald McKay, the famous shipbuilder, is under contract with the British government to supply a large quantity of white oak and hard pine ship timber, and that he is now gathering the best timber in our country and shipping it to England. As our supply now, and of late years, comes mainly from Virginia for oak, and Georgia for pine, it is now quite short, and from that quantity Mr. McKay is selecting and sending off so much as to render it difficult to increase rapidly our mercantile marine. Owing to the rebellion, he is now gathering oak timber from New Hampshire, this state, and some from the west.

Our most intelligent shipbuilders state that for several years to come our own demand for navy timber will be large, and require all the timber we can cut. If this is the case, congress should see to it that we spare none to our rival on the seas.

THE ARMY HOSPITAL.—The New York World's Washington dispatch says:

The new hospitals for the use of the army have been built and are now ready for use. They are capable of accommodating several thousand patients, and are arranged with all the modern improvements.—The health of the army is on the increase, the statistics for the past two weeks showing that the deaths are fewer, and that disease is on the decrease. There is a slight abatement of small pox in the city, though there are daily proofs of the criminal negligence of the medical department of the army in its dealings with this loathsome disease. Congress, however, has taken hold of this subject in an effective manner, and even at this late day beneficial results may be obtained. Great credit is due to the sanitary commission, who have perfected a bill for this much needed medical reform.

Rumors are afloat that Fort Garfield, Maine, has been invaded by an armed British force, under pretence of searching for deserters. If this be so, will Great Britain make the amende honorable by acting on their own precedent, in the Mason and Slidell case?

THE IRISH FAMINE.—Foreign papers of late date contain scarcely any allusion to the alleged Irish famine.

The severity of the distress experienced in the French manufacturing districts, and especially at Lyons, is testified by the fact that a Paris newspaper, the Siecle, has opened a public subscription for the relief of the operatives and their families.

SINGER & CO.'S
STANDARD MACHINES,

Well known to be the best for

No. 1, Standard Shuttle Machine, formerly sold at $90,

No. 2, Standard Shuttle Machine, formerly sold at $100,

Reduced to $75.

Singer's Letter A Machine,

IS the best Machine in the word for Family Sewing and Light Manufacturing purposes; Price, (with Hemmer,) and beautifully ornamented,

FIFTY DOLLARS.

☞ The Nos. 1 and 2 machines are of great capacity and application for manufacturing purposes.

Our No. 3 machines are especially adapted to all kinds of light and heavy

LEATHER WORK,

in Carriage Trimming, Boot and Shoe Making, Harness Making, etc., etc. They are of extra size, with an arm long enough to take under it and stitch the largest sized dashes. There is scarcely any part of a Trimmers' stitching that cannot be better done with them than by hand; so, too, the saving of time and labor is very great. The table under these machines is 24 inches long, and the shuttle will hold six times the usual quantity of thread. The large machines work as fast as small ones.

We would ask for our Letter A machines, the special attention of Vest Makers and Dress Makers, and all those who want machines for Light Manufacturing purposes. They embody the principles of the standard machines, making like them, the interlock stitch, and are destined to be as celebrated for Family Sewing and light manufacturing purposes as our standard machines are for manufacturing purposes in general.

We have always on hand

Hemming Guages, Silk Twist, Linen and Cotton Thread on Spools, Best Machine Oil in Bottles, etc., etc.

We manufacture our own Needles, and would warn all persons using our machines not to buy any others. We know that there are needles sold *of the most inferior quality*, at higher prices than we charge for the best. The needles sold by us are manufactured especially for our machines. *A bad needle may render the best machine almost useless.*

Our customers may rest assured that all our Branch Offices are furnished with the

GENUINE ARTICLE.

In case of small purchases, the money may be sent in postage stamps or bank notes.

☞ Correspondents will please write their names distinctly. It is all important that we should in each case know the post office, county and state.

☞ All persons requiring information about Sewing Machines, their size, prices, working capacities, and the best methods of purchasing, can obtain it by sending to us, or any of our Branch Offices for a copy of

I. M. SINGER & CO.'S GAZETTE,

which is a beautifully illustrated Pictorial Paper. *It will be sent Gratis*

We have made the above Reduction in Prices with the two fold view of benefitting the public and ourselves. The public have been swindled by spurious machines made in imitation of ours. The metal in them, from the iron casting to the smallest piece, is of poor quality. Their makers have not the means to do their work well. They are hid away in secret places, where it would be impossible to have at their command the proper mechanical appliances. It is only by doing a great business, and having extensive manufacturing establishments, that good machines can be made at moderate prices. The best designed machines, Badly Made, are always liable to get out of order, and are sure to cost considerable trouble and money to keep them in repair.

The qualities to be looked for in a machine are: *certainty of correct action at all rates of speed, simplicity of construction, great durability and rapidity of operation, with the least labor.* Machines to combine these essential qualities, must be made of the *best metal* and *finished to perfection.* We have the ways and means, on a grand scale, to do this.

The purchasers of machines, whose daily bread it may concern, will find that those having the above qualities not only work well at *rapid* as well as *slow* rates of speed, but *last long* in the finest possible working order. Our machines, *as made by us*, will *earn more money* with *less labor* than any others, whether in imitation of ours or not. In fact, they are cheaper than any other machine as a gift.

Fort Henry Taken.

This fort, situated on the Tennessee river, about seventy-five miles from Paducah, was taken by the federal gunboats yesterday, after a severe action. It appears that the land forces were not engaged in the fight. It is a brilliant achievment, and now that the "sacred soil" of Tennessee is actually invaded, we hope to see the army progress southward with all speed.

The occupation of Fort Henry will doubtless be followed by a movement upon Nashville, which is 65 miles distant. Gunboats to aid the advance can be sent up the Cumberland river, which is navigable to Nashville. To make this safe, Buell should at the same time attack the enemy at Bowling Green. The confederates at the latter place captured or dispersed, there can be no danger for Gen. Grant's column; but if Buell is defeated or delayed there might be a combination of the Columbus forces, via Memphis and Neshville with those of Gen. Johnston at Bowling Green, which would be troublesome to Grant, and possibly get him between two fires. It appears to be all-important that Buell should make a vigorous dash at the enemy, and we hope to hear from him soon. There is little probability that our generals from Cairo and Paducah will stop to celebrate their victory. There is little time for that until the enemy at both Bowling Green and Columbus are subdued. The blows now must be quick and effective.

European Views of the Rebellion.

Notwithsanding the statements made that communications of a more cordial and friendly nature have been received by our government from England and France, by the recent foreign steamers, the advices by the newspapers and private letters cannot but produce a painful impression. The clamor against the American government for having sunk stone-filled hulks in the harbor of Charleston, is continued both in England and France. They talk about this as if it were a great crime, while the conduct of the rebels in destroying light-houses, removing buoys in dangerous channels, and for sinking hulks at Savannah, is not noticed at all. While we are making war in the mildest manner possible and the rebels are stopping at no barbarism, whatever, all the blame is thrown upon us.—This shows a determination to condemn us and support the rebel cause, on the part of those European powers who lead public opinion.

The presses and orators who denounce the north on this account do not remember that the British government did, in 1804, blockade the French harbor of Bologne by sinking ships therein loaded with stone; that the same thing was attempted at Savannah during our revolutionary war; and that during the recent war with Russia Admiral Napier desired to block up the approaches to Cronstadt by sinking hulks, and the only objections raised was, not that it was "barbarous," but that it would be "too expensive." It appears that we may not do in this war, what other nations have done. The explanation of this is that we are prejudged and condemned, because Europeans desire the division of our Union, and the consequent weakening of our strength as a nation.

But the most disagreeable part of the European news is that the thinking men there, friendly to our government, have come to the conclusion that the suppression of the rebellion is impossible. They imagine that our administration is making no progress against the rebels. Hence the numerous allusions to a recognition of the independence of the south, as a necessity not very remote. This European public opinion can only be changed by a series of successful blows at the rebel strongholds. Let us hope that our success at Fort Henry is the beginning of a movement of our armies which will prevent the threatened European interposition.

☞ Reconnoisances from our army at Munfordsville, Ky., on the road towards Bowling Green, show that the railroad track has been destroyed in places up to and within five miles of our camp, and the turnpike blocked up by trees which the rebels had felled across the road. Several reservoirs of water filled the air for some distance around with stench arising from the decaying cattle and hogs the rebels had thrown into them.

BASIS OF TAXATION.—It appears by an examination of the census returns, recently made, that the value of real and personal estate in this country is sixteen billions, one hundred and sixty-one millions, two hundred and sixty-one thousand, two hundred and thirty-nine ($16,151,361,239), being an increase in ten years, of $9,025,418,011, or over nine billions—an increase of 125 per cent. in the accumulated wealth of the country. A billion is a thousand millions, and the present value of the real and personal estate is therefore sixteen thousand one hundred and sixty millions—a very substantial basis for taxation.

LEAVENWORTH, Ka., Feb. 3, 1862.

EDITORS GAZETTE:—The 13th is still quartered in this city and has become quite popular with the citizens. Our officers are generally respected by the men, and many of them are greatly beloved. Our soldiers command the esteem of the people for their intelligence and orderly conduct. Quite a number are afflicted with colds and coughs, but few are very sick. Our surgeons are deservedly popular. Our future movements are, as yet, among the military secrets.—Gen. Lane's great expedition is very problematical. As yet it is on paper, or *in the papers* rather. He is here, but is in no military command whatever. Gen. Hunter is our chieftain and proposes to command in person. Who will be his brigadiers is unknown at present.

Our friends writing to members of the regiment should direct, Leavenworth, Kansas, naming the number of the regiment, and the letter of the company, if in any company. Good wishes of all to all.

Adieu, H. C. TILTON.

Correspondence of the Janesville Gazette.
From the Eighth Regiment.

CAIRO, Ill., Feb. 4th, 1862.

MESSRS. EDITORS:—I suppose before this you have heard of the expedition that left here yesterday. On Sunday morning orders were issued to all the troops here except the 8th Wisconsin and 27th Illinois to be ready to embark at 2 P. M. The wharf being lined with steamers for nearly half a mile, shortly after 12 o'clock the troops began to move toward the river; and from that time until 8 o'clock on Monday morning all was confusion, artillery, cavalry and infantry all embarking at the same time. Being officer of the day, I had full view of all, as the guard house is stationed near the levee, and my duties calling me there almost constantly for twenty-four hours. I think there must have left here about 20-000 men, including several regiments from Bird's Point and all the troops from Fort Holt I think.

Fort Holt has been entirely evacuated on account of high water, only one gunboat being anchored there. There was an immense amount of cavalry and artillery left with the expedition, and by the quantity of ammunition that I saw loaded I think there will be somebody hurt. There must have been one boat loaded entirely with shot and shell and small ammunition. Another was loaded with ambulances and hospital stores. All being ready, about 9 o'clock Monday morning the Minnehaha swung out and headed up the Ohio, and was immediately followed, one by one, by the whole fleet. It was a sight long to be remembered. As each boat swung out, the thousands on board waved hats and cheered heartily at the prospect of having a turn with the salivated devils of the south, the bands at the same time playing Dixie. All went off in the finest of spirits. At about 4 o'clock in the afternoon the last of the steamers, the City of Memphis, passed up with about three thousand troops on board. She is the largest boat on the river but one. During the embarkation on Sunday afternoon, a sergeant in Dickey's cavalry fell overboard and was drowned—he was a brother of Col. Wallace of the 11th infantry.

About 3 o'clock Sunday afternoon, a rebel steamer with a flag of truce made her appearance around the point. She was allowed to come in full view of Cairo, and with a glass could have seen the entire expedition getting ready to move. She was brought to by a gun from Fort Holt, but not until she was allowed to have a full sight at all that was going on. The steamer W. B. Brown, with Gen. Grant and other officers on board, went down to communicate with her. The rebels pretended to want medicine for our sick prisoners at Columbus, and to make arrangements to exchange prisoners; but the belief here is that they came for no other reason than to get a sight of the movements here; and they must have seen all, for they remained in sight nearly an hour. They came so near that the white flag could be seen with the naked eye. Strange that such things should be done; but I suppose if they had kept her out of sight of Cairo they would not have been using the distinguished officials on board very well, and you see it would not do to get their "mad" up these times.

The destination of the expedition is unknown to us at present, but we think up the Cumberland river. There has for the past two weeks left here about one regiment a day for Smithland. I suppose they will join the expedition on its way up. Since I commenced writing, two more regiments have arrived. So you see we will soon have troops enough here again to fit out another expedition. I suppose the next will move on Columbus, and then the 8th will sail in for her share of the honors. Col. Murphy arrived here from Wisconsin this morning. Yours, etc.,

W. B. BRITTON,
Capt. Co. G, 8th Reg. W. V.

DESCRIPTION OF FORT HENRY.—The only fortification on the Tennessee river, of much importance, is Fort Henry, situated near the line of Kentucky and Tennessee, on the east bank of the stream. It stands in the river bottom, about the high water mark, just below a bend in the river, and at the head of a straight stretch of about two miles. It therefore commands the river for that distance down stream, and very little else. The land around it is a little higher than the fort, and a portion of it is covered with heavy timber. On the opposite side of the river are three hills commanding the fort completely. The armament of the fort consists of eight 32-pounders, four 12 pounders, and two 6-pounders. The 32 and 12-pounders are heavy guns, and the 6-pounders light pieces. My informant left Fort Henry on Thursday, the 12th ult., at which time a large lot of intrenching tools had just been brought thither to be used in fortifying the hills on the opposite side of the river.

On these new fortifications it was intended to mount three very heavy guns, 124-pounders and some rifle cannon. An Irish regiment at the fort were relied upon to perform much of the work in prospect, but in addition to this force some four hundred slaves were daily expected from North Alabama. The garrison of the fort, under Gen. Lloyd Tilgham, consists of Col. Adolphus Helman's Irish regiment and a regiment of Mississippians, beside the artillerists.—*Cor. Chicago Journal.*

Last Night's Report.

Special Dispatch to the Chicago Evening Journal.

CAMP HALLECK, Feb. 5—noon.

The 1st and 2d brigades of Gen. McClernand's division, 8,000 strong, encamped here yesterday evening, four miles below Fort Henry, in Stewart county, Tennessee.

Three of our gunboats, under Capt. Porter, made a reconnoisance up to the head of Panther Island.

During the brisk firing between the gunboats and the Fort the enemy used 5 guns—only one of them, a rifled 24-pounder, reaching our boats. One of her shots passed through the after part of the spar deck and the captain's cabin of the Essex. Nearly all of our shot and shells fell within the intrenchments.

Twelve hundred cavalry started at Agnes Landing, 22 miles below there yesterday morning, and marched in the direction of the road leading from Fort Donald and Fort Henry. Scouting parties in the afternoon drove in the rebel pickets. They seemed to be determined to remain in their intrenchments.

Gen. Grant returned to Paducah last evening to bring up Gen. Smith's brigade, 7,000 strong. He left McClernand in command.

The country in the vicinity of Fort Henry is to be thoroughly reconnoitered to-day. Seven gunboats, under command of Flag Officer Foote, are in the stream and ready.

It is reported that the rebels have been strongly reinforced. Colonel Cheatham, of Columbus, is there. Gen. Tilghman is in command. The enemy sent up a signal last evening.

The troops are in the most confident spirit. Rumor puts Beauregard in the Fort.—I doubt it; but it may be so.

PALMYRA, Wis., Feb. 4.

Last night, about ten o'clock, a fire occurred here, totally destroying the Palmyra House, with most of its furniture. Loss about $3,000—mostly insured in the Phœnix insurance company.

PORTLAND, Feb. 5.

Additional to Nova Scotian's news.—It is stated that the French minister at Washington had been furnished with the formal disapprobation of the French government at the conduct of the United States in choking up Charleston harbor with stone, and that he would join Lord Lyons in protesting against the act.

The London Times continues its denunciations of the stone blockade, and asserts that the project of the British government against Boulogne in 1804 was a very different thing, having been designed to shut in a hostile fleet.

The London Morning Post says that matters in America are evidently approaching a situation in which the *de facto* government of the south may claim consideration in Europe.

The same journal says that if, in spite of the remonstrances against it, other southern ports are served like Charleston, England and France will have nothing left for them to do but interfere.

The Liverpool Post emphatically declares that the civil war must be stopped—by mediation if possible, by force if necessary.

The London Daily News continues boldly to denounce the idea of recognizing the south, and says it is time the country should utter its voice against it in unmistakable terms.

It is reported that the initiative in proclaiming the blockade of the southern ports inefficient will be taken by France.

The French government journals continue to make the most of the Charleston blockade.

The pirate Sumter, having been ordered from Cadiz, reached Gibralter on the 19th of January. During her passage she burnt an American bark, from Messina to Boston with fruits. She also captured the brig Investigator, of Searsport, for Newport, with ore, but subsequently allowed her to proceed.

Six of the Sumter's crew deserted at Cadiz, and made their submission to the American consul. The captain of the Sumter claimed them as deserters, but the Spanish officials declined to give them up.

The Tuscarora and Nashville are still at Southampton.

France will send a large additional force to Mexico, and will take the lead in operations there.

The Princess Chlotilde was reported *enciente.* (Very important item to us Americans!)

ITALY.—The Turin papers publish a dispatch from Rome asserting that the Austrian government was about to address a note to the Great Powers declaring that the state of Piedmont constitutes a perpetual menace, and renders it necessary that she should be required to disarm.

A marriage was talked of between Prince Oscar of Sweden and the second daughter of the king of Italy.

Mons. Carli, an agent of Cardinal Antonelli, had been arrested at Leghorn.

The Bank of France has reduced its rate of discount from 5 to 4½ per cent. The Bourse was buoyant at 70f 40c.

To-Day's Report.

[Reported Exclusively for the Daily Gazette.]

MORNING DESPATCHES.

CHICAGO, Feb. 6—11 P. M.

FORT HENRY IS OURS. Battle decided in favor of the Federal forces at four o'clock this morning. No further particulars as yet.

NEW YORK, Feb. 7.

Tribune's Washington Correspondence.—Gov. Sprague of Rhode Island telegraphed Mr. Spaulding to-day that the Providence banks desire the legal tender bill to become the law of the land immediately. A dispatch from Cincinnati expressed the impatience of the bankers of that city to have the one hundred and fifty millions notes made legal tender. The alterations made by Mr. Stevens' substitute, leave the legal tender and other characteristics of Mr. Spaulding's bill untouched, but it retires the present fifty million of notes and orders new notes for that amount to be substituted, so as to have all of the same description and appearance. It frees from taxation United States bonds and stocks issued under the act, and allows holders of notes to fund six per cent. twenty year bonds or seven per cent. five year bonds, and provides that the notes may be impressed with the United States treasurer's seal, and the signature to them engraved instead of written, and punishes counterfeiting of them with the utmost severity. The bill will pass the senate. A delegation from Boston, among them Gov. Andrew and Col. Emery, arrived here, urging the immediate establishment, at a suitable point in New England, of works for the production of the various kinds of ordnance, to meet the present and future protective necessities of the government.

The general opinion is that Gen. McClellan will not resign in consequence of the change, but will strive in the army of the Potomac to rival Buell in Kentucky and Halleck in Missouri, on a level with whom the new arrangement places him. It is understood that he consulted with several of his generals touching the course proper for him to pursue.

The last million of dollars in the treasury was sent by Mr. Chase to Kentucky for the needy troops who are fighting the enemy.

World's Correspondence.—It is now currently rumored here that either Gen. Heitzelman or McDowell will take command of the new expedition south, which is fitting out in New York, and which will comprise a division of the army here.

To-morrow a delegation of congressmen, alive to the interest of Gen. Lane, will have an interview with the president for a definite settlement of the troubles existing between him and Hunter. The former telegraphs to-day that if it cannot be accomplished he shall immediately visit Washington.

Times' Correspondence.—The expulsion of Bright is likely to prove only the beginning of the war against senators suspected of disloyalty. Attention is already being directed towards Mr. Powell, of Ky. It is said that shortly a resolution will be introduced into the senate directing the superintendent of the document room to inform that body what public documents Mr. Powell has ordered sent to members of the southern confederacy since the formation of the provisional government.

A rebel spy was captured yesterday by a company of McDowell's division in the hollow of an old tree, where he had been secreted for several days. He was fully supplied with provisions. He refused to give his name or business.

Several of the congressional friends of Gen. Fremont, including prominent members of the committee on the conduct of the war, are understood to have preferred an urgent request to the president to have the general assigned to a new command.

Private California letters and dispatches make probable the early election of the republican, Gov. Stainford, as Latham's successor in the senate.

AFTERNOON DESPATCHES.

CAIRO, Feb. 7.

Fort Henry, on the Tennessee river, surrendered yesterday at 2 o'clock, after a determined resistance. The fight which lasted an hour and twenty minutes, and was conducted by gunboats Cincinnati, Essex and St. Louis. The Cincinnati fired one hundred and twenty-five rounds, and received 34 shots from rebel guns; only one man killed. The St. Louis fired one hundred and ten, and received no damage.—The Essex was disabled at the tenth round by ball striking her boiler—32 killed and scalded to death. Capt. Porter badly scalded, not dangerously. Two rebel generals, one colonel, two captains and one hundred privates taken prisoners. The fort mounted 17 guns. The land forces did not reach the scene of action. The Memphis and Ohio railroad bridge, fifteen miles above the fort, has been taken possession of by our troops.

PHILADELPHIA, Feb. 7.

A despatch about a reported riot at Norfolk is incorrect. It is stated that the riot occurred at Richmond, not at Norfolk.

NEW YORK, Feb. 7.

The Herald has the following:

WASHINGTON, Feb. 7.

Gen. McClellan received a dispatch from Gen. Halleck last night stating that our gunboats had commenced the bombardment of Fort Henry, on the Tennessee river, and that our troops in large forces had landed three miles below the fort. No details of the battle had been received.

ST. LOUIS, Feb. 7.

The following is announced from head quarters of the army in this city:

Fort Henry is ours. The flag of the Union is re-established on the soil of Tennessee. It will never be removed.

By command of Major Gen. Halleck.
W. W. SMITH, Capt. & Aid de Camp.

WASHINGTON, Feb. 7.

HOUSE—Mr. Stevens said: The United States note bill which passed yesterday, provides for the payment of the interest on the bonds semi-annually in coin. This he said was inadvertently inserted by unanimous consent. To day the house amended the bill by striking out the words, thus leaving it to the convenience or option of the treasury department to pay the interest either in coin or paper.

Mr. Holman, from the committee on government contracts, reported a joint resolution declaring that certain lands were granted to Missouri, on condition that government troops and military supplies be transported over such railroads as might be constructed from the sales and the proceeds thereof, free of charge, but in consideration of the fact that the ability of the Hannibal & St. Joseph and Pacific railroads have been greatly impaired by the public enemy, the secretary of war is authorised to make such an adjustment with these roads as may be just and equitable, during the existence of the rebellion, provided the charges do not exceed those fixed by the war department.

MEMPHIS, Feb. 5.

Three federal gunboats appeared on the Tennessee river yesterday, and opened fire on Fort Henry. The latter responded. There was no damage done to the fort. The federals are landing troops two miles from the fort. An attack is expected. The confederates are in full force on the Tennessee river. No damage from the federals is apprehended.

An order was issued from the war department at Richmond, on the 4th inst., ordering all military commanders to impress all the saltpetre found in their districts, except such as is in the hands of original manufacturers and government agents and contractors, paying therefor forty cents per pound, and no more. The order is issued in consequence of the monopoly of speculators and the exorbitant price charged the government for this article.

The Richmond Dispatch says that the Missouri difficulty has been satisfactorily arranged, and adds that Gen. Price will doubtless be commissioned a major general, and the Missouri troops received into the confederate service as twelve month volunteers.

The Virginia legislature went into secret session on the 4th inst. for the purpose of considering an important communication from the governor in regard to which it is understood that the state and confederate authorities are not entirely agreed. Its purport will not transpire at present.

The Richmond Dispatch also says, in an editorial, that Spain is the national ally of the south. If the south has had a friend from the beginning of her troubles it has been Spain. We think it due to her generous and chivalrous people to have sent representatives to the Spanish court, and thereby laid broad and deep the foundation of a permanent and close affinity to that nation. It is not too late now to rectify the omission which was not dictated by any want of courtesy.

LATER.—There is no further news about the Burnside fleet or Merrimac.

FORTRESS MONROE, Feb. 6.

The U. S. steamer Suwanee, of the Burnside expedition, arrived here this morning. The Suwanee left Cape Hatteras, yesterday morning, having come out of the inlet the day before. The fleet was inside Hatteras Inlet and nothing had been done. Most if not all the vessels had gone over the bar, and 6,000 troops had been landed. The gunboat E. H. Hobart was lost in addition to those before mentioned. A forward movement was shortly expected.

There was a rumor current that the rebels had offered, through a flag of truce, to give up Roanoke Island on condition that Elizabeth City should not be attacked.—The Louisiana has been got off.

A flag of truce went to Craney Island today. A large number of ladies and children returned with it to go north, and also J. H. H. Sands, of the 4th Michigan regiment, a prisoner of war, who is released on parole.

The Markets.

NEW YORK, Feb. 7.

Flour dull and 5c lower, sales 900 bbls at 5,70a5,74 for super western, 5,85a6,05 common to medium extra western. Wheat very dull, prices slightly in favor of buyers, no transactions of moment to be reported.

Depreciated Currency in the State Treasury.

The State Treasurer has made a report to the legislature of the amount of depreciated state currency in the state treasury. He states that in collecting the state tax of last year only $4,068.18 was paid in coin. The great bulk of the currency received was discredited in the month of April, 1861, at which time the balance in the state treasury was over four hundred thousand dollars, the most of which was in the notes of the banks of this state.

Mr. Hastings says that had the proportion of discredited currency in the state treasury been as large as it was elsewhere, the amount now on hand would have been not less than one hundred and seventy-five thousand dollars; but by keeping his attention constantly directed to the matter, he succeeded in reducing the amount below thirty thousand dollars.

The following is a statement of the discredited currency then and now in the treasury, viz:

Bank of Albany	$83 00
Bank of Beaver Dam	2,072 00

The following named banks have been wound up by the bank comptroller, and their securities sold as provided by law, viz: Bank of Albany, Bank of Appleton, Bank of Beaver Dam, Bank of Eau Claire, Bank of Fond du Lac, Beloit Savings Bank, Hall & Bro.'s Bank, Koshkonong Bank, Mechanics' Bank, Mercantile Bank, Oconto County Bank, Osborn Bank, Portage County Bank, Reedsburg Bank, Southern Bank, Tradesmen's Bank, Waushara County Bank, Winnebago County Bank, Wisconsin Valley Bank.

The aggregate amount of the circulation of the above named banks, now in the state treasury, is $12,709, and the amount in the hands of the bank comptroller for their redemption, is $8,591.18, leaving a deficiency of $4,116.82, a trifle less than thirty-three per cent.

The treasurer submits a draft of a bill to dispose of the discredited money in the treasury, the passage of which will at once place in the general fund $8,591.18 of available funds, and upon the sale of the securities of the other banks, the amount will be increased some ten or eleven thousand more.

Legislative.

WEDNESDAY, Feb. 5.

SENATE.—A resolution was adopted calling on the governor for information as to how many military officers are now in the employ of the state, not known to army regulations, and what proportion of their pay, in *his opinion*, will be reimbursed by the United States, and whether a part of such officers may not be dispensed with.

A bill was introduced to repeal the law providing for a geological survey of the state.

The bill increasing the license on railroads was debated, and made a special order for to-morrow.

A bill to invest the school fund in the bonds of the state, was discussed at some length, and ordered engrossed for a third reading—ayes 21; nays 7.

ASSEMBLY.—The speaker announced Messrs. O. B. Thomas, W. W. Field, and J. E. Thomas as a select committee on the relief of farm mortgagors.

The speaker laid before the house a communication from the attorney general, in reply to the assembly resolution, stating that no person is employed in his office except the assistant provided by law.

Mr. Bates introduced a bill authorizing Amos Page to improve the navigation of Rock river.

Mr. Sanborn made a long minority report from the bank committee against the senate bill "to provide for the redemption of bank notes, and to extend the time of pleading in certain cases," which in substance authorizes a suspension of specie payments.

The senate amendments to the resolution expunging the states rights resolutions of '59, were made the special order for Wednesday of next week.

The bill to repeal chap. 210 of laws of 1859, providing for a school library fund, was rejected.

Mr. Dutcher moved to reconsider the vote by which the resolution of the senate increasing the salary of the governor was rejected.

On motion of Mr. Palmer, the senate was quested to return said joint resolution for further consideration of the assembly.

THURSDAY, Feb. 6.

SENATE.—Mr. Flint introduced a bill to place all troops raised in the state on the same footing.

The special order, the bill increasing the license on railroads, was taken up. It was so amended as to extend the time to railroad companies that have paid under the old law, to make up the difference, till the 20th of February. This bill provides a license of three per cent on the gross earnings of the road, in lieu of all other taxes. Several unimportant amendments were made, and the substitute of the Assembly was then concurred in.

The bill investing the school fund in the bonds of the state was passed—ayes 17, noes 9.

ASSEMBLY.—Mr. Bates introduced a bill to amend chapter 71 of R. S., concerning banking associations; also to amend chapter 4 of laws of 1861, providing for a military force to protect and defend the constitution and the Union.

Mr. Jussen introduced a resolution, which lies over, in regard to the fugitive slave law, and instructing our members of congress to urge such amendments to the fugitive law as will exclude rebels from participating in its provisions.

The poetical resolution of Mills in relation to the "shoddy" boot presented to the State Historical Society by Capt. McKee was amended by requesting the secretary of state to write on the said shoe the name of the agent who purchased it, and the person or firm from whom it was purchased, in indelible ink, and then adopted.

The resolution for a select committee to visit and report upon the hospital for the insane was adopted. The vote of yesterday was reconsidered, and the Senate bill repealing the law providing for township libraries passed.

BROWN'S BRONCHIAL TROCHES

A Slight Cold,

Cough, Hoarseness or Sore Throat, which might be checked with a simple remedy, if neglected, often terminates seriously. Few are aware of the importance of stopping a Cough or Slight Cold in its first stage; that which in the beginning would yield to a mild remedy, if not attended to, soon attacks the lungs.

Brown's Bronchial Troches were first introduced eleven years ago. It has been proved that they are the best article before the public for Coughs, Colds, Bronchitis, Asthma, Catarrh, the Hacking Cough in Consumption, and numerous affections of the Throat, giving immediate relief.

Official Paper of the City.

Forever float that standard sheet!

And Freedom's banner streaming o'er us!

Fort Henry Taken.

This fort, situated on the Tennessee river, about seventy-five miles from Paducah, was taken by the federal gunboats yesterday, after a severe action. It appears that the land forces were not engaged in the fight. It is a brilliant achievment, and now that the "sacred soil" of Tennessee is actually invaded, we hope to see the army progress southward with all speed.

The occupation of Fort Henry will doubtless be followed by a movement upon Nashville, which is 65 miles distant. Gunboats to aid the advance can be sent up the Cumberland river, which is navigable to Nashville. To make this safe, Buell should at the same time attack the enemy at Bowling Green. The confederates at the latter place captured or dispersed, there can be no danger for Gen. Grant's column; but if Buell is defeated or delayed there might be a combination of the Columbus forces, via Memphis and Nashville with those of Gen. Johnston at Bowling Green, which would be troublesome to Grant, and possibly get him between two fires. It appears to be all-important that Buell should make a vigorous dash at the enemy, and we hope to hear from him soon. There is little probability that our generals from Cairo and Paducah will stop to celebrate their victory. There is little time for that until the enemy at both Bowling Green and Columbus are subdued. The blows now must be quick and effective.

European Views of the Rebellion.

Notwithsanding the statements made that communications of a more cordial and friendly nature have been received by our government from England and France, by the recent foreign steamers, the advices by the newspapers and private letters cannot but produce a painful impression. The clamor against the American government for having sunk stone-filled hulks in the harbor of Charleston, is continued both in England and France. They talk about this as if it were a great crime, while the conduct of the rebels in destroying lighthouses, removing buoys in dangerous channels, and for sinking hulks at Savannah, is not noticed at all. While we are making war in the mildest manner possible and the rebels are stopping at no barbarism whatever, all the blame is thrown upon us.—This shows a determination to condemn us and support the rebel cause, on the part of those European powers who lead public opinion.

The presses and orators who denounce the north on this account do not remember that the British government did, in 1804, blockade the French harbor of Bologne by sinking ships therein loaded with stone; that the same thing was attempted at Savannah during our revolutionary war; and that during the recent war with Russia Admiral Napier desired to block up the approaches to Cronstadt by sinking hulks, and the only objections raised was, not that it was "barbarous," but that it would be "too expensive." It appears that we may not do in this war, what other nations have done. The explanation of this is that we are prejudged and condemned, because Europeans desire the division of our Union, and the consequent weakening of our strength as a nation.

But the most disagreeable part of the European news is that the thinking men there, friendly to our government, have come to the conclusion that the suppression of the rebellion is impossible. They imagine that our administration is making no progress against the rebels. Hence the numerous allusions to a recognition of the independence of the south, as a necessity not very remote. This European public opinion can only be changed by a series of successful blows at the rebel strongholds. Let us hope that our success at Fort Henry is the beginning of a movement of our armies which will prevent the threatened European interposition.

☞ Reconnoisances from our army at Munfordsville, Ky., on the road towards Bowling Green, show that the railroad track has been destroyed in places up to and within five miles of our camp, and the turnpike blocked up by trees which the rebels had felled across the road. Several reservoirs of water filled the air for some distance around with stench arising from the decaying cattle and hogs the rebels had thrown into them.

Basis of Taxation.—It appears by an examination of the census returns, recently made, that the value of real and personal estate in this country is sixteen billions, one hundred and sixty-one millions, two hundred and sixty-one thousand, two hundred and thirty-nine ($16,151,361,239), being an increase in ten years, of $9,025,418,011, or over nine billions—an increase of 125 per cent. in the accumulated wealth of the country. A billion is a thousand millions, and the present value of the real and personal estate is therefore sixteen thousand one hundred and sixty millions—a very substantial basis for taxation.

Correspondence of the Daily Gazette.

From the Thirteenth.

Leavenworth, Ka., Feb. 3, 1862.

Editors Gazette:—The 13th is still quartered in this city and has become quite popular with the citizens. Our officers are generally respected by the men, and many of them are greatly beloved. Our soldiers command the esteem of the people for their intelligence and orderly conduct. Quite a number are afflicted with colds and coughs, but few are very sick. Our surgeons are deservedly popular. Our future movements are, as yet, among the military secrets.—Gen. Lane's great expedition is very problematical. As yet it is on paper, or *in the papers* rather. He is here, but is in no military command whatever. Gen. Hunter is our chieftain and proposes to command in person. Who will be his brigadiers is unknown at present.

Our friends writing to members of the regiment should direct, Leavenworth, Kansas, naming the number of the regiment, and the letter of the company, if in any company. Good wishes of all to all.

Adieu, H. C. TILTON.

Correspondence of the Janesville Gazette.

From the Eighth Regiment.

Cairo, Ill., Feb. 4th, 1862.

Messrs. Editors:—I suppose before this you have heard of the expedition that left here yesterday. On Sunday morning orders were issued to all the troops here except the 8th Wisconsin and 27th Illinois to be ready to embark at 2 P. M. The wharf being lined with steamers for nearly half a mile, shortly after 12 o'clock the troops began to move toward the river; and from that time until 8 o'clock on Monday morning all was confusion, artillery, cavalry and infantry all embarking at the same time. Being officer of the day, I had full view of all, as the guard house is stationed near the levee, and my duties calling me there almost constantly for twenty-four hours. I think there must have left here about 20-000 men, including several regiments from Bird's Point and all the troops from Fort Holt I think.

Fort Holt has been entirely evacuated on account of high water, only one gunboat being anchored there. There was an immense amount of cavalry and artillery left with the expedition, and by the quantity of ammunition that I saw loaded I think there will be somebody hurt. There must have been one boat loaded entirely with shot and shell and small ammunition. Another was loaded with ambulances and hospital stores. All being ready, about 9 o'clock Monday morning the Minnehaha swung out and headed up the Ohio, and was immediately followed, one by one, by the whole fleet. It was a sight long to be remembered. As each boat swung out, the thousands on board waved hats and cheered heartily at the prospect of having a turn with the salivated devils of the south, the bands at the same time playing Dixie. All went off in the finest of spirits. At about 4 o'clock in the afternoon the last of the steamers, the City of Memphis, passed up with about three thousand troops on board. She is the largest boat on the river but one. During the embarkation on Sunday afternoon, a sergeant in Dickey's cavalry fell overboard and was drowned—he was a brother of Col. Wallace of the 11th infantry.

About 3 o'clock Sunday afternoon, a rebel steamer with a flag of truce made her appearance around the point. She was allowed to come in full view of Cairo, and with a glass could have seen the entire expedition getting ready to move. She was brought to by a gun from Fort Holt, but not until she was allowed to have a full sight at all that was going on. The steamer W. B. Brown, with Gen. Grant and other officers on board, went down to communicate with her. The rebels pretended to want medicine for our sick prisoners at Columbus, and to make arrangements to exchange prisoners; but the belief here is that they came for no other reason than to get a sight of the movements here; and they must have seen all, for they remained in sight nearly an hour. They came so near that the white flag could be seen with the naked eye. Strange that such things should be done; but I suppose if they had kept her out of sight of Cairo they would not have been using the distinguished officials on board very well, and you see it would not do to get their "mad" up these times.

The destination of the expedition is unknown to us at present, but we think up the Cumberland river. There has for the past two weeks left here about one regiment a day for Smithland. I suppose they will join the expedition on its way up. Since I commenced writing, two more regiments have arrived. So you see we will soon have troops enough here again to fit out another expedition. I suppose the next will move on Columbus, and then the 8th will sail in for her share of the honors. Col. Murphy arrived here from Wisconsin this morning. Yours, etc.,

W. B. BRITTON,
Capt. Co. G, 8th Reg. W. V.

Description of Fort Henry.—The only fortification on the Tennessee river, of much importance, is Fort Henry, situated near the line of Kentucky and Tennessee, on the east bank of the stream. It stands in the river bottom, about the high water mark, just below a bend in the river, and at the head of a straight stretch of about two miles. It therefore commands the river for that distance down stream, and very little else. The land around it is a little higher than the fort, and a portion of it is covered with heavy timber. On the opposite side of the river are three hills commanding the fort completely. The armament of the fort consists of eight 32-pounders, four 12 pounders, and two 6-pounders. The 32 and 12-pounders are heavy guns, and the 6-pounders light pieces. My informant left Fort Henry on Thursday, the 12th ult., at which time a large lot of intrenching tools had just been brought thither to be used in fortifying the hills on the opposite side of the river.

On these new fortifications it was intended to mount three very heavy guns, 124-pounders and some rifle cannon. An Irish regiment at the fort were relied upon to perform much of the work in prospect, but in addition to this force some four hundred slaves were daily expected from North Alabama. The garrison of the fort, under Gen. Lloyd Tilgham, consists of Col. Adolphus Helman's Irish regiment and a regiment of Mississippians, beside the artillerists.—*Cor. Chicago Journal.*

REPORTED FOR THE DAILY GAZETTE.

BY WISCONSIN STATE TELEGRAPH LINE.
Office in Union Passenger Depot

Last Night's Report.

Special Dispatch to the Chicago Evening Journal.

Camp Halleck, Feb. 5—noon.

The 1st and 2d brigades of Gen. McClernand's division, 8,000 strong, encamped here yesterday evening, four miles below Fort Henry, in Stewart county, Tennessee.

Three of our gunboats, under Capt. Porter, made a reconnoisance up to the head of Panther Island.

During the brisk firing between the gunboats and the Fort the enemy used 5 guns—only one of them, a rifled 24-pounder, reaching our boats. One of her shots passed through the after part of the spar deck and the captain's cabin of the Essex. Nearly all of our shot and shells fell within the intrenchments.

Twelve hundred cavalry started at Agnes Landing, 22 miles below there yesterday morning, and marched in the direction of the road leading from Fort Donald and Fort Henry. Scouting parties in the afternoon drove in the rebel pickets. They seemed to be determined to remain in their intrenchments.

Gen. Grant returned to Paducah last evening to bring up Gen. Smith's brigade, 7,000 strong. He left McClernand in command.

The country in the vicinity of Fort Henry is to be thoroughly reconnoitered to-day. Seven gunboats, under command of Flag Officer Foote, are in the stream and ready.

It is reported that the rebels have been strongly reinforced. Colonel Cheatham, of Columbus, is there. Gen. Tilghman is in command. The enemy sent up a signal last evening.

The troops are in the most confident spirit. Rumor puts Beauregard in the Fort.—I doubt it; but it may be so.

Palmyra, Wis., Feb. 4.

Last night, about ten o'clock, a fire occurred here, totally destroying the Palmyra House, with most of its furniture. Loss about $3,000—mostly insured in the Phœnix insurance company.

Portland, Feb. 5.

Additional to Nova Scotian's news.—It is stated that the French minister at Washington had been furnished with the formal disapprobation of the French government at the conduct of the United States in choking up Charleston harbor with stone, and that he would join Lord Lyons in protesting against the act.

The London Times continues its denunciations of the stone blockade, and asserts that the project of the British government against Boulogne in 1804 was a very different thing, having been designed to shut in a hostile fleet.

The London Morning Post says that matters in America are evidently approaching a situation in which the *de facto* government of the south may claim consideration in Europe.

The same journal says that if, in spite of the remonstrances against it, other southern ports are served like Charleston, England and France will have nothing left for them to do but interfere.

The Liverpool Post emphatically declares that the civil war must be stopped—by mediation if possible, by force if necessary.

The London Daily News continues boldly to denounce the idea of recognizing the south, and says it is time the country should utter its voice against it in unmistakable terms.

It is reported that the initiative in proclaiming the blockade of the southern ports inefficient will be taken by France.

The French government journals continue to make the most of the Charleston blockade.

The pirate Sumter, having been ordered from Cadiz, reached Gibralter on the 19th of January. During her passage she burnt an American bark, from Messina to Boston with fruits. She also captured the brig Investigator, of Searsport, for Newport, with ore, but subsequently allowed her to proceed.

Six of the Sumter's crew deserted at Cadiz, and made their submission to the American consul. The captain of the Sumter claimed them as deserters, but the Spanish officials declined to give them up.

The Tuscarora and Nashville are still at Southampton.

France will send a large additional force to Mexico, and will take the lead in operations there.

The Princess Chlotilde was reported *enciente.* (Very important item to us Americans!)

Italy.—The Turin papers publish a dispatch from Rome asserting that the Austrian government was about to address a note to the Great Powers declaring that the state of Piedmont constitutes a perpetual menace, and renders it necessary that she should be required to disarm.

A marriage was talked of between Prince Oscar of Sweden and the second daughter of the king of Italy.

Mons. Carli, an agent of Cardinal Antonelli, had been arrested at Leghorn.

The Bank of France has reduced its rate of discount from 5 to 4½ per cent. The Bourse was buoyant at 70f 40c.

FORT HENRY IS OURS. Battle decided in favor of the Federal forces at four o'clock this morning. No further particulars as yet.

New York, Feb. 7.

Tribune's Washington Correspondence.—Gov. Sprague of Rhode Island telegraphed Mr. Spaulding to-day that the Providence banks desire the legal tender bill to become the law of the land immediately. A dispatch from Cincinnati expressed the impatience of the bankers of that city to have the one hundred and fifty millions notes made legal tender. The alterations made by Mr. Stevens' substitute, leave the legal tender and other characteristics of Mr. Spaulding's bill untouched, but it retires the present fifty million of notes and orders new notes for that amount to be substituted, so as to have all of the same description and appearance. It frees from taxation United States bonds and stocks issued under the act, and allows holders of notes to fund six per cent. twenty year bonds or seven per cent. five year bonds, and provides that the notes may be impressed with the United States treasurer's seal, and the signature to them engraved instead of written, and punishes counterfeiting of them with the utmost severity. The bill will pass the senate. A delegation from Boston, among them Gov. Andrew and Col. Emery, arrived here, urging the immediate establishment, at a suitable point in New England, of works for the production of the various kinds of ordnance, to meet the present and future protective necessities of the government.

The general opinion is that Gen. McClellan will not resign in consequence of the change, but will strive in the army of the Potomac to rival Buell in Kentucky and Halleck in Missouri, on a level with whom the new arrangement places him. It is understood that he consulted with several of his generals touching the course proper for him to pursue.

The last million of dollars in the treasury was sent by Mr. Chase to Kentucky for the needy troops who are fighting the enemy.

World's Correspondence.—It is now currently rumored here that either Gen. Heitzelman or McDowell will take command of the new expedition south, which is fitting out in New York, and which will comprise a division of the army here.

To-morrow a delegation of congressmen, alive to the interest of Gen. Lane, will have an interview with the president for a definite settlement of the troubles existing between him and Hunter. The former telegraphs to-day that if it cannot be accomplished he shall immediately visit Washington.

Times' Correspondence.—The expulsion of Bright is likely to prove only the beginning of the war against senators suspected of disloyalty. Attention is already being directed towards Mr. Powell, of Ky. It is said that shortly a resolution will be introduced into the senate directing the superintendent of the document room to inform that body what public documents Mr. Powell has ordered sent to members of the southern confederacy since the formation of the provisional government.

A rebel spy was captured yesterday by a company of McDowell's division in the hollow of an old tree, where he had been secreted for several days. He was fully supplied with provisions. He refused to give his name or business.

Several of the congressional friends of Gen. Fremont, including prominent members of the committee on the conduct of the war, are understood to have preferred an urgent request to the president to have the general assigned to a new command.

Private California letters and dispatches make probable the early election of the republican, Gov. Stainford, as Latham's successor in the senate.

AFTERNOON DESPATCHES.

Cairo, Feb. 7.

Fort Henry, on the Tennessee river, surrendered yesterday at 2 o'clock, after a determined resistance. The fight which lasted an hour and twenty minutes, and was conducted by gunboats Cincinnati, Essex and St. Louis. The Cincinnati fired one hundred and twenty-five rounds, and received 34 shots from rebel guns; only one man killed. The St. Louis fired one hundred and ten, and received no damage.—The Essex was disabled at the tenth round by ball striking her boiler—32 killed and scalded to death. Capt. Porter badly scalded, not dangerously. Two rebel generals, one colonel, two captains and one hundred privates taken prisoners. The fort mounted 17 guns. The land forces did not reach the scene of action. The Memphis and Ohio railroad bridge, fifteen miles above the fort, has been taken possession of by our troops.

Philadelphia, Feb. 7.

A despatch about a reported riot at Norfolk is incorrect. It is stated that the riot occurred at Richmond, not at Norfolk.

New York, Feb. 7.

The Herald has the following:

Washington, Feb. 7.

Gen. McClellan received a dispatch from Gen. Halleck last night stating that our gunboats had commenced the bombardment of Fort Henry, on the Tennessee river, and that our troops in large forces had landed three miles below the fort. No details of the battle had been received.

St. Louis, Feb. 7.

The following is announced from head-quarters of the army in this city:

Fort Henry is ours. The flag of the Union is re-established on the soil of Tennessee. It will never be removed.

By command of Major Gen. Halleck.
W. W. Smith, Capt. & Aid de Camp.

Washington, Feb. 7.

House—Mr. Stevens said: The United States note bill which passed yesterday, provides for the payment of the interest on the bonds semi-annually in coin. This he said was inadvertently inserted by unanimous consent. To day the house amended the bill by striking out the words, thus leaving it to the convenience or option of the treasury department to pay the interest either in coin or paper.

Mr. Holman, from the committee on government contracts, reported a joint resolution declaring that certain lands were granted to Missouri, on condition that government troops and military supplies be transported over such railroads as might be constructed from the sales and the proceeds thereof, free of charge, but in consideration of the fact that the ability of the Hannibal & St. Joseph and Pacific railroads have been greatly impaired by the public enemy, the secretary of war is authorised to make such an adjustment with these roads as may be just and equitable, during the existence of the rebellion, provided the charges do not exceed those fixed by the war department.

Memphis, Feb. 5.

Three federal gunboats appeared on the Tennessee river yesterday, and opened fire on Fort Henry. The latter responded. There was no damage done to the fort. The federals are landing troops two miles from the fort. An attack is expected. The confederates are in full force on the Tennessee river. No damage from the federals is apprehended.

An order was issued from the war department at Richmond, on the 4th inst., ordering all military commanders to impress all the saltpetre found in their districts, except such as is in the hands of original manufacturers and government agents and contractors, paying therefor forty cents per pound, and no more. The order is issued in consequence of the monopoly of speculators and the exorbitant price charged the government for this article.

The Richmond Dispatch says that the Missouri difficulty has been satisfactorily arranged, and adds that Gen. Price will doubtless be commissioned a major general, and the Missouri troops received into the confederate service as twelve month volunteers.

The Virginia legislature went into secret session on the 4th inst. for the purpose of considering an important communication from the governor in regard to which it is understood that the state and confederate authorities are not entirely agreed. Its purport will not transpire at present.

The Richmond Dispatch also says, in an editorial, that Spain is the national ally of the south. If the south has had a friend from the beginning of her troubles it has been Spain. We think it due to her generous and chivalrous people to have sent representatives to the Spanish court, and thereby laid broad and deep the foundation of a permanent and close affinity to that nation. It is not too late now to rectify the omission which was not dictated by any want of courtesy.

Later.—There is no further news about the Burnside fleet or Merrimac.

Fortress Monroe, Feb. 6.

The U. S. steamer Suwanee, of the Burnside expedition, arrived here this morning. The Suwanee left Cape Hatteras, yesterday morning, having come out of the inlet the day before. The fleet was inside Hatteras Inlet and nothing had been done. Most if not all the vessels had gone over the bar, and 6,000 troops had been landed. The gunboat E. H. Hobart was lost in addition to those before mentioned. A forward movement was shortly expected.

There was a rumor current that the rebels had offered, through a flag of truce, to give up Roanoke Island on condition that Elizabeth City should not be attacked.—The Louisiana has been got off.

A flag of truce went to Craney Island today. A large number of ladies and children returned with it to go north, and also J. H. H. Sands, of the 4th Michigan regiment, a prisoner of war, who is released on parole.

The Markets.

New York, Feb. 7.

Flour dull and 5c lower, sales 900 bbls at 5,70a5,74 for super western, 5,85a6,05 common to medium extra western. Wheat very dull, prices slightly in favor of buyers, no transactions of moment to be reported.

Depreciated Currency in the State Treasury.

The State Treasurer has made a report to the legislature of the amount of depreciated state currency in the state treasury. He states that in collecting the state tax of last year only $4,068.18 was paid in coin. The great bulk of the currency received was discredited in the month of April, 1861, at which time the balance in the state treasury was over four hundred thousand dollars, the most of which was in the notes of the banks of this state.

Mr. Hastings says that had the proportion of discredited currency in the state treasury been as large as it was elsewhere, the amount now on hand would have been not less than one hundred and seventy-five thousand dollars; but by keeping his attention constantly directed to the matter, he succeeded in reducing the amount below thirty thousand dollars.

The following is a statement of the discredited currency then and now in the treasury, viz:

Bank of Albany	$ 83 00
Bank of Beaver Dam	2,072 00
Bank of Fond du Lac	107 00
Hall & Bros. Bank	265 00

Bank of Horicon	530 00
Katanyan Bank	463 00

Citizens' Bank	46 00
Bank of Morth America	5,905 00
City Bank of Beaver Dam	572 00
	$29,322 00

The following named banks have been wound up by the bank comptroller, and their securities sold as provided by law, viz:

Bank of Albany, Bank of Appleton, Bank of Beaver Dam, Bank of Eau Claire, Bank of Fond du Lac, Beloit Savings Bank, Hall & Bro.'s Bank, Koshkonong Bank, Mechanics' Bank, Mercantile Bank, Oconto County Bank, Osborn Bank, Portage County Bank, Reedsburg Bank, Southern Bank, Tradesmen's Bank, Waushara County Bank, Winnebago County Bank, Wisconsin Valley Bank.

The aggregate amount of the circulation of the above named banks, now in the state treasury, is $12,709, and the amount in the hands of the bank comptroller for their redemption, is $8,591.18, leaving a deficiency of $4,116.82, a trifle less than thirty-three per cent.

The treasurer submits a draft of a bill to dispose of the discredited money in the treasury, the passage of which will at once place in the general fund $8,591.18 of available funds, and upon the sale of the securities of the other banks, the amount will be increased some ten or eleven thousand more.

Legislative.

Wednesday, Feb. 5.

Senate.—A resolution was adopted calling on the governor for information as to how many military officers are now in the employ of the state, not known to army regulations, and what proportion of their pay, in his opinion, will be reimbursed by the United States, and whether a part of such officers may not be dispensed with.

A bill was introduced to repeal the law providing for a geological survey of the state.

The bill increasing the license on railroads was debated, and made a special order for to-morrow.

A bill to invest the school fund in the bonds of the state, was discussed at some length, and ordered engrossed for a third reading—ayes 21; nays 7.

Assembly.—The speaker announced Messrs. O. B. Thomas, W. W. Field, and J. E. Thomas as a select committee on the relief of farm mortgagors.

The speaker laid before the house a communication from the attorney general, in reply to the assembly resolution, stating that no person is employed in his office except the assistant provided by law.

Mr. Bates introduced a bill authorizing Amos Page to improve the navigation of Rock river.

Mr. Sauborn made a long minority report from the bank committee against the senate bill "to provide for the redemption of bank notes, and to extend the time of pleading in certain cases," which in substance authorizes a suspension of specie payments.

The senate amendments to the resolution expunging the states rights resolutions of '59, were made the special order for Wednesday of next week.

The bill to repeal chap. 210 of laws of 1859, providing for a school library fund, was rejected.

Mr. Dutcher moved to reconsider the vote by which the resolution of the senate increasing the salary of the governor was rejected.

On motion of Mr. Palmer, the senate was quested to return said joint resolution for further consideration of the assembly.

Thursday, Feb. 6.

Senate.—Mr. Flint introduced a bill to place all troops raised in the state on the same footing.

The special order, the bill increasing the license on railroads, was taken up. It was so amended as to extend the time to railroad companies that have paid under the old law, to make up the difference, till the 20th of February. This bill provides a license of three per cent on the gross earnings of the road, in lieu of all other taxes. Several unimportant amendments were made, and the substitute of the Assembly was then concurred in.

The bill investing the school fund in the bonds of the state was passed—ayes 17, noes 9.

Assembly.—Mr. Bates introduced a bill to amend chapter 71 of R. S., concerning banking associations; also to amend chapter 4 of laws of 1861, providing for a military force to protect and defend the constitution and the Union.

Mr. Jussen introduced a resolution, which lies over, in regard to the fugitive slave law, and instructing our members of congress to urge such amendments to the fugitive law as will exclude rebels from participating in its provisions.

The poetical resolution of Mills in relation to the "shoddy" boot presented to the State Historical Society by Capt. McKee was amended by requesting the secretary of state to write on the said shoe the name of the agent who purchased it, and the person or firm from whom it was purchased, in indelible ink, and then adopted.

The resolution for a select committee to visit and report upon the hospital for the insane was adopted. The vote of yesterday was reconsidered, and the Senate bill repealing the law providing for township libraries passed.

BROWN'S BRONCHIAL TROCHES

A Slight Cold,
Cough, Hoarseness or Sore Throat,
which might be checked with a simple remedy, if neglected, often terminates seriously. Few are aware of the importance of stopping a Cough or Slight Cold in its first stage; that which in the beginning would yield to a mild remedy, if not attended to, soon attacks the lungs.

Brown's Bronchial Troches were first introduced eleven years ago. It has been proved that they are the best article before the public for Coughs, Colds, Bronchitis, Asthma, Catarrh, the Hacking Cough in Consumption, and numerous affections of the Throat, giving immediate relief.

Proceedings of the City Council.

REGULAR MEETING, Thursday Evening, Feb. 6th, 1862.

Present—The Mayor and Ald. Smith. Only seven of the eight aldermen absent.

Alderman Smith moved to adjourn, which failed for want of a second, but the adjournment was carried by unanimous consent.

DEATH OF A SOLDIER.—We have received a letter from Camp Griffin, dated Feb. 1st, and signed J. P. L., requesting us to announce, for the information of his friends, the death of Timothy Osborn, of Captain Wheeler's company, 5th regiment. No particulars are given, and we do not know the writer of the letter. It will, however, be exhibited to any relative or friend of Mr. Osborn.

For the Daily Gazette.

TURTLE, Feb. 1, 1862.

Permit me through your paper to make a partial report of my school for the month ending January 31st, 1862. My school house is situated in West Clinton, in school district No. 1 of said town joint with school district No. 4, of the town of Turtle. We have a large and commodious school room well furnished with maps, blackboard, globe &c. Among the former is a set of Pelton's outline maps, and Miller and Guernsey's map of Rock county. And during the fifteen winters that I have had the honor (for such I esteem it) of teaching, I have not taught in any one district where the patrons of the school were more alive to their interests than the present, with one exception, and that is of visiting their school; for among the several visitations mentioned in the following report, there are but few by patrons of this district.

REPORT.

Remarks.—The above is made on a scale of 100, including scholarship and deportment. Many whose names are given above would have stood higher in the scale and other names been added to the list, had not sickness prevented their attendance.—A truant is not known among us, and tardiness unless in cases of necessity, is a stranger. Pupils and teacher are always pleased to receive calls from those interested in common schools.

O. M. TREAT, Teacher.

SEMINARY FOR YOUNG LADIES.—We understand that Mrs. Anderson, who has been for seven years an associate teacher with Miss Allen of the Rochester Female Seminary, will open a school for young ladies in this city in about three weeks. Mrs. Anderson brings testimonials of the highest character of her qualifications as a teacher. A more extended notice of the contemplated school will be published in a few days.

SKATING AT CHICAGO.—The Journal says that on Wednesday afternoon the ice in Lake Michigan, for a distance of three miles outside the breakwater, bore upon its surface over 2,000 male and female skaters. The weather was propitious, rendering the day a magnificent one for the enjoyment of such pleasures, and it was well improved. The warm sun had almost destroyed the ice in the skating parks of the city, but upon the lake where the wind was uninterrupted and the temperature somewhat colder, the surface of the ice was what little urchins delight to be able to pronounce "glary." The pleasant exercise was for hours uninterrupted. Many of the skaters sallied out even to the edge of the ice—a distance of some three miles from shore—and drank from the waters of the lake, forgetful of the fact that the same delicious beverage could be quaffed from pipes of the water works with less risk to life if not an equal degree of pleasure.

☞ Four cows taken from the river in a distressed condition may be found at the stable of the Novelty Works.

N. HANSON.

MORE CHEATING.—The Washington correspondent of the Philadelphia Press says that the quartermaster of the Ira Harris cavalry, who had charge of the transportation of about 110 horses belonging to the regiment, has been arrested at Baltimore for trading off the animals, and replacing them with a stock not worth $10 a head.—He has been sent to Fort McHenry to await a disposition of his case. Gen. Dix telegraphed the facts to Col. DeForest, the commander of the regiment, and that gentleman succeeded in finding nearly all of the horses in the Baltimore livery stables.

The *best* "disposition of his case" will be to hang him.

PERSONAL.—Hon. John F. Potter returned from Washington last week on a summons to the sick bed of a child. We hope he may return with a lighter heart than he came, as the sad intelligence of sickness gave him reason to fear a fatal termination.—*Chicago Journal.*

The New York Tribune says that Mrs. Lincoln gives a dining party this evening, and has especially invited Mrs. James Gordon Bennett.

Congressional.

SENATE.—Mr. Carlile moved to take up his resolution offered some time since, on the finances of the country. He said our expenses are now at the rate of $50,000,000 per month. He was opposed to any union of government with the banks. The resolution was referred to the committee on finance.

The bill from the finance committee making appropriations for the support of the military academy passed without amendment.

The bill to define the pay and emoluments of army officers was taken up, and the amendments of the military committee were adopted.

Bright's case came up.

HOUSE.—The house went into committee of the whole on the treasury note bill. Several gentlemen spoke for and against it.

QUININE CONTRABAND.—The government has issued an order prohibiting the exportation of quinine and opium to Cuba for the future. It seems that immense quantities have been sent recently from New York to Havana, the real destination of which is the southern states.

RANDOLPH, Dodge Co., Wis., Jan. 14th, 1862.

Mr. R. J. Richardson, Sir:—I learn that you are manufacturing the Jessup Grain Drills. I came here from York state the last of March, 1850, and sold fourteen of Jessup's first patent. The next spring, after closing my winter school, I sold eighteen, and last spring after closing my school I sold thirty-six of Jessup's Improved Drills, such as I learn you are making. Now I wish to ask you if you can furnish me with some of the ten and eleven tooth drills for next spring's use. I do not think of ordering more than twenty at present. Those I sold last spring gave entire satisfaction. Please reply immediately. Yours,

JANUARY CIRCULAR

For 1862.

IMPORTANT ANNOUNCEMENT

To the People of

Janesville, Rock & adjoining Counties

McKey & Bro's

MAMMOTH STORE

FULLY COMPLETED

and

READY FOR BUSINESS.

WE have now completed our new addition, making our store decidedly the largest business establishment west of New York city; size, 44 feet by 160, five stories high including basement. And in order to fill the same, we found it necessary in the early part of the season, to purchase ten times our usual amount of stock. Anticipating a still further advance on Foreign and Domestic goods, we made another extensive purchase immediately before the great and unprecedented advance which has taken place within the past two weeks. We have now in stock, at our different establishments, over

$250,000 Worth of Merchandize!

Every single dollars worth of which was purchased before the advance, and in order to give our patrons a general benefit, we shall, for the

Next 20 Days, Sell at Retail Only,

the following goods at the prices mentioned, namely: Our entire stock of perfectly

FAST COLORED PRINTS

at 10 cents per yard. Let the people bear in mind that Prints have advanced in price 50 per cent; still we have concluded to close out the amount of our retail stock of Prints, being the very best brands in the market, at

10 Cents per Yard.

We have now on hand

10 Cases Madder Color Prints

suitable for bedding, which we will sell, for the next 20 days, at 16 yards for $1, worth this day in Chicago 10 cents per yard at wholesale. The above prices are for the retail trade exclusively.

5,000 Chenille Scarfs

at 12½ cents each

Just received, five cases of plain, solid color

DE LAINES!

which we offer, for the next 20 days, at prices even lower than prints, namely: 12 yards for $1. Just imagine,

Eight Pence per Yard for DeLaines.

3,000 pieces fancy figured DeLaines, nice small patterns, of the very best printing, which we offer for the next 20 days, at one shilling per yard, or eight yards for $1, the same price as prints.

We would ask attention to the following: our entire stock of splendid

Manchester and Pacific DeLaines,

sold to-day in New York City at 25 cents, we now offer, for the next 20 days, at 1 shilling 6 pence per yard, or 10 yards for $1,88, which is the retail price of prints in many cities of this state to-day.

OUR MILLINERY DEPARTMENT

is well filled with a select stock of

Ribbons, Flowers, Plumes, Trimmings, &c.,

and presents great inducements to customers.

We call particular attention to our

Dress Goods Department.

Having purchased in the early part of December 5,000 pieces of different styles of Dress Goods, at the great closing auction sales of the season, from Wilderming, Hogarty & Humbert, William Topping & Co., Wilderming & Mount, Hagarty & Co., Radrow, Jones & Co., and Lockwood Brothers, where no goods are sold but by the case, direct from the Importers. And having purchased exclusively for cash, enables us this day to offer to our customers some

FOREIGN DRESS GOODS

as cheap as a common DeLaine, and in many cases as low as the present tariff prices. For instance, we now offer 100 pieces splendid Repps, ¾ yard wide at 2 shillings per yard, elegantly printed and of the most modern designs, and sold by us in the early part of the season at 50 cents per yard. We now offer, for the next 20 days, 100 pieces of double width Repps, sold by us last month at 63 cents per yard, now only 44 cents. All our

Mohairs, Poplins, French Merinos, Plain Repps

and many other styles at an equal reduction. Our stock of

CLOAKS AND SHAWLS

is now much larger than at any time previous this season, and in order to close them out we offer the entire stock at a

GREAT REDUCTION,

from 20 to 40 per cent from last week's prices.

We have recently fitted up a spacious

Carpet Room

the entire length of our store, and filled it to its utmost capacity with a splendid stock of

Carpets and Oil Cloths,

purchased before the great advance on Woolens and Cottons.

OUR STOCK OF CLOTHING

is large and varied, and also comprises Hats, Caps, Furnishing Goods, Buffalo Robes, Furs, &c., all purchased previously to the great advance—yet, for the purpose of closing out the entire stock, we now offer it at a Great Reduction.

Garments Made and Cut to Order.

Hoop Skirts!

We call the particular attention of the ladies to our unequaled stock of Hoop Skirts, comprising the Belle Trail, Four Cord Diamond Skirts which we now offer at

FOUR CENTS PER ROW.

Also, the new Wove Tape Skirts with sealed tabs and patent fastenings, which we had made to order in New York city, and are warranted never to

Get Out of Shape.

Also a large assortment of these much worn Balmoral Skirts, and very cheap.

IN CONCLUSION,

we beg leave to assure our customers that we will continue to do business upon the principle which has heretofore given such general satisfaction, and our store such wide-spread reputation. Make no purchases until you have paid a visit to our establishment, where you will find a greater variety, larger stock and

CHEAPER GOODS

than any other store in this part of the world. Persons living at a distance, in the purchase of the small sum of five dollars, can make sufficient to pay the expense by coming to our store to trade, as from 25 to 50 per ct.

CAN BE SAVED

by purchasing at our house, in comparison to prices paid at country stores.

SECOND GREAT ARRIVAL

OF

Fall and Winter Goods!

AT THE

NEW AND POPULAR STORE

OF

RIORDAN & LEECH,

Main Street, Janesville.

OWING to the immense trade we have done since commencement in this city, (a trade which far exceeded our most sanguine expectations,) we have been enabled to add to our already well selected and extensive stock a still greater variety of

NEW AND DESIRABLE GOODS,

all of which have been purchased previous to the late advance, thereby giving us the advantage of merchants who have been obliged to pay a far higher rate for goods purchased within the past week or two; we shall therefore continue to sell at prices which are sure to give satisfaction, and which have given us the character of

The Cheapest Store in Janesville,

and which we are determined to maintain during our whole business career.

We call particular attention to our extensive variety of

DRESS GOODS,

comprising the latest styles in market: beautiful figured and plain Merinoes, all colors, Ottoman Repps, Silk Popline, double width Broches, black and white check Valentias, Cordennas, Coburgs, &c., &c., together with an elegant assortment of

DELAINES,

of the very richest styles.

SHAWLS AND CLOAKS.

In this department we have always been able to boast of the best selection in town and have added all the

Different Styles Lately Manufactured,

thereby enabling us to offer the

HANDSOMEST LOT OF CLOAKS

to be found in any city of the west, not even excepting Chicago. Our stock of

Broche, Square and Long Shawls

are cheaper than ever before offered in this city, being the importation of Thirion Mallaird & Co. and purchased at auction at about one half their actual value.

We have on hand an elegant variety of

FURS!

consisting of Fitch, French Cooney, Mink, &c., &c., with

MUFFS TO MATCH,

and which we offer

Twenty-Five Per Cent Lower

than any other establishment in this city, a fact fully admitted by all who have purchased of us. Our Furs are entirely new and warranted free from moths.

It is unnecessary for us to enumerate our stock.

Call, Examine and Judge for Yourselves.

We feel grateful for the extensive patronage bestowed on us and hope to merit its continuation.

Proceedings of the City Council.

REGULAR MEETING,
THURSDAY EVENING, Feb. 6th, 1862.

Present—The Mayor and Ald. Smith. Only seven of the eight aldermen absent.

Alderman Smith moved to adjourn, which failed for want of a second, but the adjournment was carried by unanimous consent.

DEATH OF A SOLDIER.—We have received a letter from Camp Griffin, dated Feb. 1st, and signed J. P. L., requesting us to announce, for the information of his friends, the death of Timothy Osborn, of Captain Wheeler's company, 5th regiment. No particulars are given, and we do not know the writer of the letter. It will, however, be exhibited to any relative or friend of Mr. Osborn.

For the Daily Gazette.

TURTLE, Feb. 1, 1862.

Permit me through your paper to make a partial report of my school for the mouth ending January 31st, 1862. My school house is situated in West Clinton, in school district No. 1 of said town joint with school district No. 4, of the town of Turtle. We have a large and commodious school room well furnished with maps, blackboard, globe &c. Among the former is a set of Pelton's outline maps, and Miller and Guernsey's map of Rock county. And during the fifteen winters that I have had the honor (for such I esteem it) of teaching, I have not taught in any one district where the patrons of the school were more alive to their interests than the present, with one exception, and that is of visiting their school; for among the several visitations mentioned in the following report, there are but few by patrons of this district.

REPORT.

Remarks.—The above is made on a scale of 100, including scholarship and deportment. Many whose names are given above would have stood higher in the scale and other names been added to the list, had not sickness prevented their attendance.—A truant is not known among us, and tardiness unless in cases of necessity, is a stranger. Pupils and teacher are always pleased to receive calls from those interested in common schools.

C. M. TREAT, Teacher.

SEMINARY FOR YOUNG LADIES.—We understand that Mrs. Anderson, who has been for seven years an associate teacher with Miss Allen of the Rochester Female Seminary, will open a school for young ladies in this city in about three weeks. Mrs. Anderson brings testimonials of the highest character of her qualifications as a teacher. A more extended notice of the contemplated school will be published in a few days.

SKATING AT CHICAGO.—The Journal says that on Wednesday afternoon the ice in Lake Michigan, for a distance of three miles outside the breakwater, bore upon its surface over 2,000 male and female skaters. The weather was propitious, rendering the day a magnificent one for the enjoyment of such pleasures, and it was well improved. The warm sun had almost destroyed the ice in the skating parks of the city, but upon the lake where the wind was uninterrupted and the temperature somewhat colder, the surface of the ice was what little urchins delight to be able to pronounce "glary." The pleasant exercise was for hours uninterrupted. Many of the skaters sallied out even to the edge of the ice—a distance of some three miles from shore—and drank from the waters of the lake, forgetful of the fact that the same delicious beverage could be quaffed from pipes of the water works with less risk to life if not an equal degree of pleasure.

☞ Four cows taken from the river in a distressed condition may be found at the stable of the Novelty Works.

N. HANSON.

MORE CHEATING.—The Washington correspondent of the Philadelphia Press says that the quartermaster of the Ira Harris cavalry, who had charge of the transportation of about 110 horses belonging to the regiment, has been arrested at Baltimore for trading off the animals, and replacing them with a stock not worth $10 a head.—He has been sent to Fort McHenry to await a disposition of his case. Gen. Dix telegraphed the facts to Col. DeForest, the commander of the regiment, and that gentleman succeeded in finding nearly all of the horses in the Baltimore livery stables.

The *best* "disposition of his case" will be to hang him.

PERSONAL.—Hon. John F. Potter returned from Washington last week on a summons to the sick bed of a child. We hope he may return with a lighter heart than he came, as the sad intelligence of sickness gave him reason to fear a fatal termination. *Chicago Journal.*

The New York Tribune says that Mrs. Lincoln gives a dining party this evening, and has especially invited Mrs. James Gordon Bennett.

Congressional.

SENATE.—Mr. Carlile moved to take up his resolution offered some time since, on the finances of the country. He said our expenses are now at the rate of $50,000,000 per month. He was opposed to any union of government with the banks. The resolution was referred to the committee on finance.

The bill from the finance committee making appropriations for the support of the military academy passed without amendment.

The bill to define the pay and emoluments of army officers was taken up, and the amendments of the military committee were adopted.

Bright's case came up.

HOUSE.—The house went into committee of the whole on the treasury note bill. Several gentlemen spoke for and against it.

QUININE CONTRABAND.—The government has issued an order prohibiting the exportation of quinine and opium to Cuba for the future. It seems that immense quantities have been sent recently from New York to Havana, the real destination of which is the southern states.

RANDOLPH, Dodge Co., Wis., Jan. 14th, 1862.

Mr. R. J. Richardson, Sir:—I learn that you are manufacturing the Jessup Grain Drills. I came here from York state the last of March, 1859, and sold fourteen of Jessup's first patent. The next spring, after closing my winter school, I sold eighteen, and last spring after closing my school I sold thirty six of Jessup's Improved Drills, such as I learn you are making.

Now I wish to ask you if you can furnish me with some of the ten and eleven tooth drills for next spring's use. I do not think of ordering more than twenty at present. Those I sold last spring gave entire satisfaction. Please reply immediately. Yours,

JANUARY CIRCULAR

For 1862.

IMPORTANT ANNOUNCEMENT

To the People of

Janesville, Rock & adjoining Counties

McKey & Bro's

MAMMOTH STORE

FULLY COMPLETED

and

READY FOR BUSINESS.

WE have now completed our new addition, making our store decidedly the largest business establishment west of New York city; size, 44 feet by 160, five stories high including basement. And in order to fill the same, we found it necessary in the early part of the season, to purchase ten times our usual amount of stock. Anticipating a still further advance on Foreign and Domestic goods, we made another extensive purchase immediately before the great and unprecedented advance which has taken place within the past two weeks. We have now in stock, at our different establishments, over

$250,000 Worth of Merchandize!

Every single dollars worth of which was purchased before the advance, and in order to give our patrons a general benefit, we shall, for the

Next 20 Days, Sell at Retail Only,

the following goods at the prices mentioned, namely: Our entire stock of perfectly

FAST COLORED PRINTS

at 10 cents per yard. Let the people bear in mind that Prints have advanced in price 50 per cent; still we have concluded to close out the amount of our retail stock of Prints, being the very best brands in the market, at

10 Cents per Yard.

We have now on hand

10 Cases Madder Color Prints

suitable for bedding, which we will sell, for the next 20 days, at 16 yards for $1, worth this day in Chicago 10 cents per yard at wholesale. The above prices are for the retail trade exclusively.

5,000 Chenille Scarfs

at 12½ cents each

Just received, five cases of plain, solid color

DE LAINES!

which we offer, for the next 20 days, at prices even lower than prints, namely: 12 yards for $1. Just imagine,

Eight Pence per Yard for DeLaines.

3,000 pieces fancy figured DeLaines, nice small patterns, of the very best printing, which we offer for the next 20 days, at one shilling per yard, or eight yards for $1, the same price as prints.

We would ask attention to the following: our entire stock of splendid

Manchester and Pacific DeLaines,

sold to-day in New York City at 25 cents, we now offer, for the next 20 days, at 1 shilling 6 pence per yard, or 10 yards for $1.88, which is the retail price of prints in many cities of this state to-day.

OUR MILLINERY DEPARTMENT

is well filled with a select stock of

Ribbons, Flowers, Plumes, Trimmings, &c.,

and presents great inducements to customers.

We call particular attention to our

Dress Goods Department.

Having purchased in the early part of December 5,000 pieces of different styles of Dress Goods, at the great closing auction sales of the season, from Wilderming, Hogart & Humbert, William Topping & Co., Wilderming & Mount, Hagarty & Co., Rudrow, Jones & Co., and Lockwood Brothers, where no goods are sold but by the case, direct from the Importers. And having purchased exclusively for cash, enables us this day to offer to our customers some

FOREIGN DRESS GOODS

as cheap as a common DeLaine, and in many cases as low as the present tariff prices. For instance, we now offer 100 pieces splendid Repps, ¾ yard wide at 2 shillings per yard, elegantly printed and of the most modern designs, and sold by us in the early part of the season at 50 cents per yard. We now offer, for the next 20 days, 100 pieces of double width Repps, sold by us last month at 63 cents per yard, now only 44 cents. All our

Mohairs, Poplins, French Merinos, Plain Repps

and many other styles at an equal reduction. Our stock of

CLOAKS AND SHAWLS

is now much larger than at any time previous this season, and in order to close them out we offer the entire stock at a

GREAT REDUCTION,

from 20 to 40 per cent from last week's prices.

We have recently fitted up a spacious

Carpet Room

the entire length of our store, and filled it to its utmost capacity with a splendid stock of

Carpets and Oil Cloths,

purchased before the great advance on Woolens and Cottons.

OUR STOCK OF CLOTHING

is large and varied, and also comprises Hats, Caps, Furnishing Goods, Buffalo Robes, Furs, &c., all purchased previously to the great advance—yet, for the purpose of closing out the entire stock, we now offer it at a Great Reduction.

Garments Made and Cut to Order.

Hoop Skirts!

We call the particular attention of the ladies to our unequaled stock of Hoop Skirts, comprising the Belle Trail, Four Cord Diamond Skirts which we now offer at

FOUR CENTS PER ROW.

Also, the new Wove Tape Skirts with sealed tabs and patent fastenings, which we had made to order in New York city, and are warranted never to

Get Out of Shape.

Also a large assortment of these much worn Balmoral Skirts, and very cheap.

IN CONCLUSION,

we beg leave to assure our customers that we will continue to do business upon the principle which has heretofore given such general satisfaction, and our store such wide-spread reputation. Make no purchases until you have paid a visit to our establishment, where you will find a greater variety, larger stock and

CHEAPER GOODS

than any other store in this part of the world. Persons living at a distance, in the purchase of the small sum of five dollars, can make sufficient to pay the expense by coming to our store to trade, as from 25 to 50 per ct.

CAN BE SAVED

by purchasing at our house, in comparison to prices paid at country stores.

SECOND GREAT ARRIVAL

OF

Fall and Winter Goods!

AT THE

NEW AND POPULAR STORE

OF

RIORDAN & LEECH,

Main Street, Janesville.

OWING to the immense trade we have done since commencement in this city, (a trade which far exceeded our most sanguine expectations,) we have been enabled to add to our already well selected and extensive stock a still greater variety of

NEW AND DESIRABLE GOODS,

all of which have been purchased previous to the late advance, thereby giving us the advantage of merchants who have been obliged to pay a far higher rate for goods purchased within the past week or two; we shall therefore continue to sell at prices which are sure to give satisfaction, and which have given us the character of

The Cheapest Store in Janesville,

and which we are determined to maintain during our whole business career.

We call particular attention to our extensive variety of

DRESS GOODS,

The only Correct and Complete

HISTORY OF THE WAR.

THE SOUTHERN REBELLION

and the

WAR FOR THE UNION:

A History of the

Rise and Progress of the Rebellion,

and

Consecutive Narrative of Events and Incidents, from the First Stages of the Treason Against the Republic down to the Close of the Conflict,

TOGETHER WITH IMPORTANT DOCUMENTS AND EXTRACTS FROM REMARKABLE SPEECHES.

In Weekly Parts, 32 pages, large 8vo, Price 10 Cents.

THE want of an *authentic* and *thorough* History of the Rebellion, for present reference and future preservation, is the subject of general remark. No work of that nature has yet been offered to the public, and all who wish for information are compelled to grope through the mazes of the rumors, reports, dispatches, letters and editorials of the daily newspapers, to *precipitate*, from its confused columns, the great facts and incidents of the struggle for the Union.

To meet this want, and to produce a work of *permanent value as well as of present interest*, the publisher has arranged for the issue of the history as above set forth—in a form and at a price which shall render it *acceptable to all*.

This history will tell the STORY AS IT IS, giving a clear, consecutive narrative of the entire movement, including all the incidents and events in their exact order, and containing the important documents and extracts from remarkable speeches. *It will not be a mere diary*, nor a mere enumeration of dry and naked dates, nor a compilation of slips from newspapers, but will portray in connected and interesting narrative, the revolutionary steps, as well as the measures of the government.

It will carefully digest all evidence—will sift all rumors and reports—will fix upon facts, and correct so far as possible the errors and discrepancies incident to the hasty narratives of the newspapers.

It will be written in a style suited to its theme—at once graphic, earnest and luminous, introducing such personal and social incidents as may serve to show the relations of individuals and communities to the grand events of the time.

It is true, everybody reads the newspapers, but the reports of the newspapers are the fragmentary and contradictory children of the moment, and not a *correct, connected* and *complete* history. The above publication, afterwards bound in a handsome volume, will be a book for the family, which will be valued like the records of the War of Independence, or the Life of Washington, and worthy to be kept for children and grand-children, as a memorial of the present time.

It will thus prove desirable, available and satisfactory to every citizen, every family, every office, every library: and is given to the public in the full assurance that it will command the approbation of every patriot, every Union man, every good citizen in our still Glorious Land.

THE want of an *authentic* and *thorough* History of the Rebellion, for present reference and future preservation, is the subject of general remark. No work of that nature has yet been offered to the public, and all who wish for information are compelled to grope through the mazes of the rumors, reports, dispatches, letters and editorials of the daily newspapers, to *precipitate*, from its confused columns, the great facts and incidents of the struggle for the Union.

To meet this want, and to produce a work of *permanent value as well as of present interest*, the publisher has arranged for the issue of the history as above set forth—in a form and at a price which shall render it *acceptable to all*.

This history will tell the STORY AS IT IS, giving a clear, consecutive narrative of the entire movement, including all the incidents and events in their exact order, and containing the important documents and extracts from remarkable speeches. It will not be a mere diary, nor a mere enumeration of dry and naked dates, nor a compilation of slips from newspapers, but will portray in connected and interesting narrative, the revolutionary steps, as well as the measures of the government.

It will carefully digest all evidence—will sift all rumors and reports—will fix upon facts, and correct so far as possible the errors and discrepancies incident to the hasty narratives of the newspapers.

It will be written in a style suited to its theme—at once graphic, earnest and luminous, introducing such personal and social incidents as may serve to show the relations of individuals and communities to the grand events of the time.

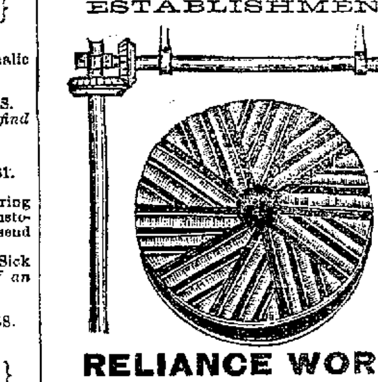

It is true, everybody reads the newspapers, but the reports of the newspapers are the fragmentary and contradictory children of the moment, and not a *correct, connected* and *complete* history. The above publication, afterwards bound in a handsome volume, will be a book for the family, which will be valued like the records of the War of Independence, or the Life of Washington, and worthy to be kept for children and grand children, as a memorial of the present time.

It will thus prove desirable, available and satisfactory to every citizen, every family, every office, every library; and is given to the public in the full assurance that it will command the approbation of every patriot, every Union man, every good citizen in our still Glorious Land.
